## QUICK START

- Turn Bluetooth\* on (device)
- Hold Power button on earmuff until LED blinks blue/red (if earmuff already on, double press power button until LED blinks)
- Select "Sync Wireless" from available devices (or "SCAN" if not listed)
- If device requests a PIN please use 0000
- LED will turn green once paired

## TROUBLESHOOTING TIP:

Bluetooth performance can be impacted by several factors including: environmental surroundings such as walls, other wireless devices, and distance from paired device. Make sure no other Bluetooth devices are in range while pairing, to ensure no intruder pairs to the earmuff device.
